About us

Huizhou Foryou Optoelectronic Technology Co., Ltd (ADAYO lighting) is a wholly-owned subsidiary of Foryou corporation, which entered the LED packaging industry in 2006, and established in 2012 with registered capital of 32 million US dollar. There are three business lines: LED package, LED high power driver and LED lighting. We are good at ODM, OEM projects and also can provide self-developed products for every target market.

Our lab covers an area of 1200m² which complies international standard and has more than 100 test equipments. Thus, we can do safety test, reliability test, photoelectric parameter test, dropping and shaking test, EMI and EMC test. Our factory is qualified with ISO9001, ISO14001 and the products can pass CE/CB/FCC/UL/SAA/BS476-20/BS476-21 and other international certifications.

Our professional sales team can provide consulting sales services for different markets; Our R&D team with more than 60 people, one third of them with more than 20 years of experience in the lighting industry. A new range of product will be launched every one month in average.

The rigorous quality team, controls quality with industry standard from the incoming materials, production, and finished products providing strong quality support for your sales.

There are more than 300 workers and 50 production lines of LED package, LED high power driver and LED lighting, including 30 automatic and semi-automatic lines, with a monthly capacity of 2 million pcs LED down light, LED ceiling light, LED spot light, LED smart light.

ADAYO lighting adheres to the spirit of hard work in the manufacturing industry, persists in reform and innovation, and joins hands with customers and peers from all walks of life to seek common development and win-win cooperation.

ROTATABLE SPOT LIGHT

ROLAND I

CCT selectable
Select CCT by button
before installation

Male and female plug
Quick installation and can
easily change to other drivers

Quick install
Screw free
Loop in loop out

Insulation coverable

IP65

Features

- 30° tiltable at all directions
- Insulation material coverable
- SMD solution with CCT seclectable and Dim to warm functions
- IP65 for roomside

Application

Home, Shop, Specialty Stores, Showroom etc.

Finish optional

Black   Silver   White   Brushed Nickel

Water-proof
Front waterproof IP65

CCT Selectable
CCT3 switch changeable on
driver

Triac Dim & Dim to Warm
Dimmable by dimmer

360° Rotation
30° tiltable at all directions

Iron Can
Be covered directly by insulation
material

Beam Angle: 38°

Lens and reflector optional

SL003-GU10B01   SL003-GU10B02   SL003-GU10B03

Application

Restaurant, coffee shop, bar, home, office, shops, hotel etc.

This product works well with the below popular fixtures in Euro market.

The affordable LED spot solution

Features

- Cob-like lens , more elegant looking
- Compatible with **Leading edge** and **trailing edge** dimmers
- Comply with ERP 2019/2020 and **new EMC** standard in 2022
- Dim and non dim optional
- Up to **100lm/W**@4000K version
- 2 years warranty

FLYING

Application

Corridor, Aisle, Circulation area

Features

- The smooth housing ensures uniform heat dissipation, easy to install and easy to carry.
- A variety of sizes are available.
- Integral spring fixture retention clamps are strong and flexible and can bend up to 150 degrees making it much easier to install and mount on the ceiling.
- Solid-state construction for high shock and vibration resistance. Suitable for home ceiling and Type CE Rated – this light is perfect fit for installation in slopes and locations with less ceiling clearance.
